SUMMARY

Full-Stack Developer | CTO at ARS Kreedashala | Freelancer
Experienced Full-Stack Developer with expertise in building web, mobile, and AI-driven solutions. Skilled in React.js, React Native, Node.js, Express.js, MongoDB, and Firebase, with a strong background in API integration. Currently serving as the CTO of ARS Kreedashala while also working as a freelancer. Passionate about creating scalable and efficient applications.

EXPERIENCE

Chief Technology Officer | ARS Kreedashala Pvt Ltd (Jan 2025 – Present)
Ranchi, Jharkhand

- Oversee the development and management of web and mobile platforms, ensuring optimal performance and scalability.
- Drive innovation in AI, VR, and data analytics to enhance player performance and training methodologies.
- Lead the integration of advanced technologies to improve user experience, engagement, and platform efficiency.

Full–stack developer | ARS Kreedashala Pvt Ltd (Sep 2024 – Dec 2024)
Ranchi, Jharkhand

- Developed and deployed full-stack web applications using MERN stack, enhancing user experience and performance for sports-tech solutions.
- Designed and integrated RESTful APIs for data handling between front-end and backend systems, ensuring scalability and reliability.
- Collaborated with cross-functional teams to deliver responsive, optimized, and production-ready applications within project deadlines.

Frontend developer | ARS Kreedashala Pvt Ltd (Jul 2024 – Sep 2024)
Ranchi, Jharkhand

- Created website pages and dashboards using React.js, HTML, CSS, and JavaScript, so that users could easily use the sports academy's digital platform.
- Connected the frontend with APIs (data coming from the backend) to display player details, registrations, and performance stats in real time.
- Improved design and user experience by making the website mobile-friendly, faster, and more interactive for students and coaches.

Web Developer Intern | Waha Wonders (Dec 2024 – Mar 2025)
VL06-197, Sharjah Research, Sharjah, UAE

- Developed a complete website, ensuring a responsive and user-friendly experience.
- Implemented search functionality to enhance user navigation and accessibility.
- Created destination and tour package modules to improve travel planning.
- Integrated an AI-powered voice chatbot for real-time user assistance and support.

PROJECTS

- **Waha Wonders | wahawonders.com**
  Developed the travel website (wahawonders.com) with a modern and responsive design to showcase UAE travel packages and services.
- **ARS Kreedashala Pvt Ltd | arskreedashala.com**
  Designed and developed the startup website, creating a strong digital presence.
- **A1 Khadi Bhandar – Tailoring Solution! | www.a1khadibhandar.me**
  Developed a responsive tailoring management solution for A1 Khadi Bhandar to streamline customer orders, measurements, and delivery tracking.
